

COLLEGE AND CAREER READY

*How New Requirements in Schools
Will Impact **YOUR** Future Workforce*

PRESENTER

DR. WILLARD R. DAGGETT

Founder of the International Center
for Leadership in Education

Dr. Daggett is recognized worldwide for his proven ability to move preK-12 education systems towards more rigorous and relevant skills and knowledge for all students. The skills and knowledge needed for success in today's technology-based manufacturing sector are different from those needed in the past, and Dr. Daggett will describe how changes in NYS common core standards and assessments will impact our schools and better prepare the workforce of the future—and how manufacturers can assist school leaders in meeting these changes.
